Languages	PHP, JavaScript (ES6+), HTML5, CSS3
Frameworks	Next.js, React (basics), WordPress, WooCommerce
E-commerce	WooCommerce Expert, Custom Checkout, Dynamic Pricing, Payment Gateways, Cart & Order Management, Shipping Logic, COD & Courier Integration
WordPress Core	Custom Plugin Development, Theme Customization, Hooks (Actions & Filters), Template Overrides, REST API, Gutenberg
Tools	Git, GitHub, VS Code, cPanel, FileZilla, Elementor, Chrome DevTools

WORK EXPERIENCE

WordPress & Next.js Developer | ITDEVTECH *2022 — 2025*

- Built and delivered WordPress and Next.js websites across e-commerce, food-tech, and media industries, consistently meeting deadlines
- Architected WooCommerce stores with custom checkout flows, dynamic pricing logic, and payment gateway integrations
- Developed Next.js frontends with server-side rendering (SSR) and static site generation (SSG) for fast, SEO-friendly e-commerce sites
- Built reusable custom plugins to solve recurring client needs, reducing development time on future projects
- Improved page load speeds by up to 40% through query optimization, caching, and asset minification
- Collaborated with clients to translate business requirements into technical solutions from scoping to deployment

CUSTOM DEVELOPMENT

- **YS Advanced Checkout** — Streamlined WooCommerce checkout with advanced field management and conditional logic
- **YS Dynamic Shipping** — Dynamic shipping rate calculator based on cart contents, location, and business rules
- **YS Dynamic Shipping PK** — Pakistan-specific shipping solution with region-based rates for local couriers and COD
- **YS Simple Admin Notes** — Lightweight dashboard utility for creating and organizing internal admin notes
